

# BHAUMIK KOTHIYA

Web Developer

Ahmedabad, Gujarat, India | +91 93136 29723 | [Email](#) | [LinkedIn](#) | [GitHub](#)

---

## PROFESSIONAL SUMMARY

Web Developer with practical experience designing and developing responsive, user-facing web applications using React.js and other JavaScript frameworks, backed by working knowledge of Node.js and Express.js for full-stack collaboration. Skilled in API development, REST API integration, database management (MongoDB), Continuous Integration Continuous Deployment (CI/CD) workflows, Docker, and cloud deployment via Vercel, Render, and Firebase. Strong communication, collaboration, and problem-solving skills, with quick adaptability to new tools and team environments. Currently pursuing an M.Sc. in Information Technology, eager to contribute strong frontend and analytical skills to a growth-oriented software development team.

---

## SKILLS

Web Technologies: HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI (MUI)

Programming Languages: JavaScript (ES6)

JavaScript Frameworks / Libraries: React.js, Redux, Node.js, Express.js, jQuery

API Development: REST API design & integration, JWT authentication, Role-Based Access Control

Databases / Tools: MongoDB (MongoDB Cluster, Mongoose), Git & GitHub

DevOps / Cloud Deployment: CI/CD (Continuous Integration / Continuous Deployment), Docker, Vercel, Render

Other Tools: VS Code, Postman, Thunder Client, Figma, ESLint

Soft Skills: Communication, Collaboration, Problem Solving, Adaptability, Time Management, Teamwork

---

## EXPERIENCE

**Web Developer – Intern (MERN Stack), Vasant Software Solutions, Rajkot** (June 2023 – December 2024)

- Learned and worked with HTML5, CSS3, JavaScript, Tailwind CSS, React.js, Node.js, Express.js, and MongoDB (Mongoose) in real-world web development projects
- Assisted in developing responsive and user-friendly web applications using modern web technologies
- Built reusable React.js components and gained hands-on experience with Redux for state management
- Developed and integrated RESTful APIs using Node.js and Express.js
- Worked with MongoDB (Mongoose) to design schemas, perform CRUD operations, and manage application data
- Implemented JWT-based authentication with bcrypt for secure user login, registration, password hashing, and route authorization
- Used Git and GitHub for version control, code collaboration, and source code management

---

## ACADEMIC PROJECTS

**LJKU NACC Documentation Web App** (React.js, Node.js, Express.js, MongoDB)

- Architected a full-stack university portal managing academic records, program curricula, research publications, and accreditation documentation for multiple user groups
- Implemented secure JWT authentication and Role-Based Access Control (RBAC) across three permission tiers — administrative staff, faculty, and students
- Built dynamic document management with multi-file uploads, real-time search, categorization, and filtering algorithms, cutting file retrieval time
- Developed a responsive Tailwind CSS frontend integrated with Node.js/Express REST APIs and MongoDB Cluster; deployed to production on Vercel

## VendorBridge – Procurement & Vendor Management ERP

(React, Node.js, Express.js, MongoDB, JWT)

- Built as part of **Odoo x KSV Hackathon 2026**; qualified for the virtual round
- Developed a full-stack ERP system streamlining RFQs, quotation comparisons, purchase orders, invoicing, and multi-stage approval workflows across Admin, Procurement Officer, Manager, and Vendor roles
- Implemented JWT-based multi-token authentication with secure refresh-token architecture and role-based access control
- Built server-side PDF generation for purchase orders and invoices, and MongoDB aggregation pipelines for dashboard analytics
- GitHub: [github.com/bhaumik-1910/VendorBridge](https://github.com/bhaumik-1910/VendorBridge)

## EDUCATION

---

### Master of Science in Information Technology (2025 – Present)

LJ University, Ahmedabad

### Bachelor of Science in Information Technology (2022 – 2025)

Sarvodaya College, Rajkot — CGPA: 8.8

### HSC (2021 – 2022)

Shree Vidhya Aarambh, Panchavada — 79.14%

### SSC (2019 – 2020)

Shree M.K.M. Vasoya Patel Vidhya Mandir, Dhoraji — 69%

## ACHIEVEMENTS

---

- Qualified for the Virtual Round and reached the Final Round of the Odoo x KSV Hackathon 2026, where our team developed a Rental Management System using modern web technologies.
- Maintaining active contributions on GitHub.
